PROJECTS

● FINANCE WEBSITE

2025

Developed an AI-powered Financial Advisor for the SBI Hackathon, designed to provide personalized investment recommendations, budget planning, and financial insights to users, enhancing financial literacy and decision-making.

● TRAVEL WEBSITE

2024

Developed a travel website that optimizes trip planning by providing users with cost-efficient budgets based on their preferences, ensuring an affordable and well-organized travel experience.

● GLOBAL MORALITY DATA ANAYLSIS TOOL

2024

Developed a Global Mortality Analysis Tool that visualizes and analyzes mortality trends across a few countries, helping users derive insights for healthcare planning and policy-making."
